---

Discover the Espresso Martini from our Speakeasy range: a ready-to-drink cocktail, blending espresso liqueur, vodka, and a touch of vanilla.

### Product development

This exquisite cocktail is crafted from delicious Arabica coffee, paired with a premium vodka carefully chosen for its purity. We also add a touch of rich and velvety coffee liqueur and a hint of cocoa for a sweet and aromatic note.

### Expert's assessments

**AROMA** : Rich coffee aromas with a touch of freshness and purity from the vodka.

**PALATE** : Balanced complexity. The intense Arabica coffee is softened by the coffee liqueur and a hint of cocoa, while the vodka adds a silky and elegant texture.
